P R E F A C E .

We present to the subscribers our DIRECTORY of the Town and County of Peterborough with the confident assurance that it will be found an invaluable aid to business men. To bring it up to that standard of completeness which we aimed at, and which we achieved, has required a large amount of labor, time and attention, and we feel that the DIRECTORY will receive the warm approval of our patrons. No previous work of the kind ever issued here, has been so full and complete in the information furnished. This has been obtained chiefly from official sources, and can therefore be relied on as correct. The merchant will find it invaluable as a reliable reference for his customer's Post-Office address so useful in mailing accounts or advertisements, as well as guiding him in giving credit. Freeholders are so designated, which will be a criterion, where other information is not obtainable, of an individual's responsibility. It contains much valuable information relating to the settlement and rapid developement of our County. Thus will be preserved many historical facts to which the lapse of time will only give an added value. The work therefore is for these considerations superior to any previous attempts, and merchants and others who did not originally subscribe should hasten to avail themselves of the privilege as only a limited number are to be issued.

"THE TIMES"

BUSINESS DIRECTORY

AND

BOOK OF REFERENCE,

FOR

The Town and County of Peterborough.

THE TOWN OF PETERBOROUGH,

AN incorporated town, situated on the Otonabee River, in the Township of North Monaghan, was surveyed in the year 1825 by Richard Birdsall, Esq., under the direction of Hon. Z. Burnham. A reserve was made for a site for the future town in 1818, at the time of the survey of the township, but, as stated above, the town was not laid out by actual survey until early in the year 1825.

In May, 1819, a party of gentlemen came up the Otonabee, from the front, in a skiff for the purpose of selecting a mill site and otherwise prospecting in the new townships. These were Charles Fothergill, Thomas Ward, John Farrelly, Adam Scott, Barnabas Bletcher, John Edmison. After accomplishing their object by discovering that by a trifling outlay a mill site could be had on what is now known as the corner of King and Water streets, the party returned down the river well satisfied with the expedition. The little piece of engineering thus projected was successfully carried out by Mr. Adam Scott, who, in two years after, (1821) had a saw and grist mill in operation under one roof, and therefore he became the first actual settler of what was then known as Scott's Plains, but now is the flourishing town of Peterborough. In 1827, in honour of the Hon. Peter Robinson, to whose successful labors in promoting immigra-

tion, the County felt itself so much indebted, the name was changed from Scott's Plains to its present designation.

The first store was opened by Mr. Stewart, in 1825, but owing to the loose manner he had of conducting business was shortly succeeded by George S. Bethune, Esq., of Cobourg, who opened one under the management of Mr. Green McDonnell. The Post Office was established in 1824, Mr. Tupper, a tanner, being the first Postmaster, but shortly afterwards was succeeded by George Bethune, Esq. From this small beginning this town has continued to keep on growing and progressing until at the present it is considered—either as regards the wealth and energy of its merchants and manufacturers, industry of its inhabitants, prosperity of its citizens in general, or the cost and beauty of its public buildings and many private palatial residences—the most prosperous inland town of its size in the Dominion, and long may it continue so, is the hope of a well wisher of this beautiful place.

The town lies mostly on level ground, but in some parts there are a few rising places which form splendid sites for private or public buildings. By means of the water power furnished by the Otonabee, which divides it from the village of Ashburnham, it must become, as the country opens up, a large manufacturing emporium. At the present time the banks on both sides are well lined with mills, factories and machine shops; but still there is room for many more, and no man looking for a favourable location to start a manufactory of any description, can find a better place than this town. There are also located on the creek running through the town, several large and prosperous foundries and machine shops, mills, tanneries, &c. The streets are wide and capacious and on several of them are buildings that would be a credit to any city in Canada. By the energy of a few of the townspeople, the town is lighted with gas, and all it now needs are water works, and with its fine advantages for such, they will undoubtedly be built before long. There are three newspapers, the *Times*, *Review*, and *Examiner*. The first (the *Times*) is published every Saturday, by W. H. Robertson, Esq., Proprietor. In politics it is an independent journal, but its popularity is such that in the four years of its existence it has attained a very large circulation. It is at this office that this work has been published. The *Review* is also an excellent journal, published in the interests of the Conservative party, by R. Romaine, Esq., while the well conducted paper, by J. Stratton, Esq., (the *Examiner*) is published in the Reform interests. Being the county town, it contains the usual buildings, Court House, Gaol, &c. The buildings are of stone and are on fine rising ground, near the river, and from their commanding position a fine view of the whole town may be had from them. They are built in a park containing several acres of land, which is laid out in walks and avenues as a place of resort for the citizens during the summer evenings. They were commenced in 1838, but were not

completed until 1841, at the cost of nearly \$30,000. Since then a new Gaol had been built in 1865, at the cost of nearly \$16,000; and in 1872 a new Registry Office was built at a cost of over \$12,000. These, with other improvements, have cost the county nearly \$82,000. Being the head quarters of the 57th Battalion the Drill Shed was erected here in 1867, at the cost \$2,500. A fine cavalry troop is also organized, under the efficient command of Major H. C. Rogers. The School Houses are a Collegiate Institute and two Common Schools. The Institute and one of the Common Schools are built of white brick, and were erected at a cost of nearly \$30,000. The other Common School is built of red brick, and is situated in the southern part of the town. The Institute is a model of neatness and comfort, and is one of the best in the Province. Under the able management of its present Principal, J. B. Dixon, Esq., M. A., it has increased in popularity, which is sufficiently attested by the large number of gentlemen attending the Institute, for the purpose of preparing themselves for matriculation, both senior and junior. There has also been erected a handsome Roman Catholic Separate School, built of red brick. The Banks of Montreal, Toronto, Ontario, and Canadian Bank of Commerce, have each a branch located here, all doing a large business.

The Churches are:—The Church of England, (St. John's) erected in 1835. It is of stone, and, with improvements, has cost over \$12,500. It is beautifully situated on a piece of rising ground and commands a good view of the town. The Roman Catholic, (St. Peter's) erected in 1838, is also built of stone, at a cost of nearly \$13,000. It is beautifully situated in the Western part of the town, and is a fine structure. The Church of Scotland, (St. Andrew's) is of stone, and is a little north of St. Peter's Church. A good Sunday School has lately been erected in connection with this Church. The Canada Presbyterian (St. Paul's) is built of brick, and was erected in 1859, costing \$20,000. The Methodist body have erected two new churches, one on Charlotte street costing about \$10,000; and the other on George Street, costing \$60,000. The Church on George Street is a most magnificent building, and was constructed after a model of the Metropolitan Church of Toronto. It is of white brick on a stone basement, which alone cost nearly \$20,000. The basement is used for a Sunday School which is numerously attended. The Regular Baptist, (Brick) erected in 1845 at a cost of about \$3,000; and the Bible Christian (Brick) erected in 1874.

Our spirited townsman, T. Bradburn, Esq., has erected a beautiful Town Hall, at a cost of \$40,000. It is a four storey building and fronts on George Street, part of this building is used as a Council Chamber and office for town officials. The third flat is built expressly for a Music Hall, while several stores occupy the lower flat. A town clock has been placed on a tower in this building, which is a great convenience to the inhabitants.

The town can boast of two brass bands, second to none in the Province, under the leadership of Messrs. Hammerschmit and Miller, respectively.

Although the people of this town have not very extended railway communications yet under the able management of A. Hugel, Esq., President of the only railway at present connecting this town with the front (the Midland) has greatly contributed to the growth and prosperity of Peterborough. The road begins at Port Hope, extending northward to Peterborough, thence to Lakefield, which is nine miles distant. This however is only a branch of the main line which formerly extended only to Lindsay, but thanks to the untiring perseverance of A. Hugel, Esq., the line has been extended to within a few miles of Midland City, on the Georgian Bay. This line when completed will open up direct communication with Chicago, in the West. There is good prospect however of greater Railway facilities, as an effort is being made to resuscitate the Cobourg and Peterboro' road which fell into disuse through the bridge across Rice Lake being destroyed by ice and high water. This road is graded and rails laid from Cobourg to Chemong Lake. A beautiful railway bridge spans the Otonabee, as the river is crossed by this road. The construction of the bridge at Rice Lake is being pushed towards completion and then communication with Cobourg will be re-opened. Much praise is due to Col. Chambliss for the energy and perseverance he has shown in this matter. The people of Peterborough are however not satisfied with even this, and are determined to have a through trunk line. A charter was obtained and a company organized with W. Cluxton, Esq., as President. Mr. John Fowler whose connection with other railways has been rather extensive, was the promoter of this railway and he deserves great thanks from the people of this town for the unselfish manner in which he has laboured to bring this matter to a successful issue. The line is to extend from Carleton Place, in the east to, the Town of Goderich, in the County of Huron, thus forming a through line. The County and Town heartily endorsed the scheme, voting a bonus of \$300,000 to the road. It is to be hoped that the construction of this road will soon be commenced as the benefits accruing to the town would be incalculable. Although Peterborough has not been able to boast of railways which should have been built long ago, yet this is in a manner recompensed by the enterprising spirit of her townsman, Mr. Calcutt. Four years ago he constructed the *Whistle-Wing* a pretty little steamer, which plied between this town and Barwood, Hastings and other places on Rice Lake. Another steamer is now in course of construction by the same gentleman and will be ready for this summer's traffic.

As a place of resort for tourists Peterboro' cannot be beaten. The natural beauty of the town and surrounding country is unsurpassed. The river and streams abound with fish. The favourite route for pleasure seekers is Stoney Lake, which may be arrived at by morning train to Lakefield, thence by steamer

Chippewa to the Mount Julien Summer Hotel, which was built by a company of Peterborough gentlemen, on the west shore of Stoney Lake; the enterprising firm of Messrs. R. C. Strickland & Co., of Lakefield being the principal proprietors. The scenery of Stoney Lake, studded with its innumerable islands and of the surrounding stretches of water, is really beautiful, rivalling that of the Thousand Islands itself.

TOWN COUNCIL FOR 1876.

W. Toole, Esq., Mayor.

John Cook, Esq.,	A. Rutherford, Esq.,
John Dixon, Esq.,	W. Helm, Esq.,
T. Cahill, Esq.,	D. Hopkins, Esq.,
Thos. Elliott, Esq.,	George Taylor, Esq.,

J. A. DELANEY & SONS,
 MANUFACTURERS OF
FANNING MILLS,--EMPIRE
 AND
Horse Rakes,--Cameron's.

Other Implements will soon be added to our stock.

In Style and Workmanship our Machines are Unsurpassed in any Market.
 Everything used in their Manufacture is of the Very Best Quality.

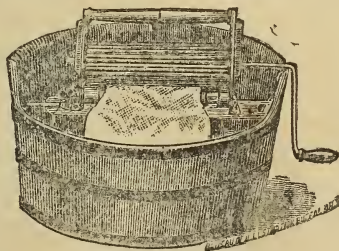

PATRONAGE SOLICITED.

WORKS ON REID STREET, ADJOINING MR. WM. HAMILTON'S
 FOUNDRY, PETERBOROUGH, ONT.

THE "WALKER WASHER,"

THE PRIZE WASHING MACHINE OF THE DOMINION.

PRICE \$8.00,
 WARRANTED FOR FIVE
 YEARS.

(Tub cut away to show how the Machine is attached.)

First Prize at 21 of the
 Leading Shows and Exhibitions
 in Canada, in the
 Fall of 1875.

There are now about 5,000 of these valuable machines in use in the Dominion—every one of which is giving entire satisfaction, and I will give any Man, Woman or Child \$50.00 who can find a WALKER WASHER thrown aside because it will not do all that it is advertised to do. Liberal inducements to Agents. Address

WILL. J. MORRISON, Peterborough, Ont.,
 Sole Proprietor for Central Ontario. Wholesale Dealer in Washing Machines, Clothes
 Wringers, Clothes Bars, Wash Benches, Spring Beds, Step Ladders, &c., &c.

MOWRY & FORSYTH,

MANUFACTURERS OF

THE CHAMPION THRESHING MACHINE.

AGRICULTURAL IMPLEMENTS, &c.

Our Improved Horse Powers, and Separators, are acknowledged by all who use them to be superior to any now offered to the Public.

The Champion took the First Prize at the Peterborough Central Exhibition, 1875 against all Competitors, among them Machines from the leading manufacturers of the Province.

All Orders Promptly and Satisfactorily Attended to on Short Notice. Remember the Place—near the Iron Bridge, Ashburnham.

BETHUNE STREET, PETERBOROUGH.

COUNTY OF PETERBOROUGH.

The portion of Canada now known as the County of Peterborough was, prior to the year 1818 one unbroken mass of forest land, unknown to the tread of man, save an occasional hunter, or the harmless indian. The settler's axe had never echoed through its solitudes, nor the white smoke from the cabin curled above the green trees to tell the wayfarer that a cottage was near.

In the Autum of 1818 a change was to come over the spirit of the scene, for in that year a small body of emigrants sailed from England, some of whom braving the perils of the bush made their way into the township of Smith, then but recently surveyed, and as pioneers found an inlet by way of Rice Lake and the Otonabee river to the site of their new home. Roads as yet there were none, all between the frontier settlements and the place of their adoption being an unbroken wooded wilderness.

A party of gentlemen, by means of a skiff, came in May 1819, from the front up the Otonabee, to select the site for a mill and to prespect in the new township; they landed just above Spaulding's Bay, a spot that afterwards became a steam-boat landing, and near the site upon which stood in after years the steam saw mills of Messrs. Shaw & Fortune. The result of the exploration visit was considered satisfactory, for after some little engineering had been performed a grist and saw mill were erected, and in two years were in full operation under the management of Mr. Adam Scott. Progress was, however, slow.

We now come to the Spring of 1825; up to this period not a single inhabitant was to be found in the Town of Peterboroug, save only Mr. Scott, the proprietor of the mill, and a workman or two who assisted him, and the prospects of the settlers in the adjoining townships were far from encouraging. It is true that besides the little colony of Smith already referred to, a few settlers had found their way into Otonabee, Asphodel, Monaghan and Emily, but little had been done in the way of cultivation, and many of the best settlers were very despondent. In this year a very large increase, however, took place,

owing to an emigration on a very large scale, conducted by the Hon. Peter Robinson, from the South of Ireland, and under the auspices of the British Government. We learn from official reports that 415 families availed themselves of the advantages thus afforded them, comprising in all 2,024 souls. The emigrants sailed from Cork in May 1825, and after a very speedy passage arrived at Quebec from whence they were forwarded to Kingston where they remained for about two weeks. The details given by Mr. Robinson in his evidence before the Emigration Committee in London, in 1827, of his subsequent proceedings afford an interesting insight into the sufferings and privations undergone by the early emigrants. Fever and ague made fearful attacks upon everyone of the party, when every difficulty being overcome, and after many a day's weary pilgrimage the new emigrants arrived at "Scott's Plain's," and located themselves upon the uncleared lands where now stands the Town of Peterborough. At first these new comers were looked upon with suspicion and many evil reports were spread concerning them, but after a short time all worked well and their addition to the colony was felt as a real benefit, and as a mark of respect to Mr. Robinson the new district was called Peterborough.

On the 14th day of October, 1841, the proclamation formally establishing the Colborne District was issued by Sir Richard Downes Jackson, K. C. B., who was for a time Administrator of the Government, after the death of Lord Sydenham. The following townships were embraced in the new District, the first eleven of which are included in the County of Peterborough: Belmont, Methuen, Burleigh, Dummer, Asphodel, Otonabee, Douro, North Monaghan, Smith, Ennismore, Harvey, Verulam, Emily, Ops, Fenelon, Mariposa, Eldon, Bexley, Somerville.

One or more District Councillors were elected from each township, and these met at the Court House, Peterborough, for their first Session on Thursday, February 8th, 1842, under the Presidency of George Arundel Hill, Esq., the Warden appointed by the Government. This machinery of the District Council remained unchanged till the year 1850, when Township Councils were instituted and these now exercise the entire control of all local matters. The County Council is now composed of the Reeves, or presiding officers of the several Township Councils, and is empowered to levy certain taxes for County purposes.

The following are the names of the County of Peterborough Council and Officers for the present year 1876 :—

COUNTY COUNCIL.

Township of Asphodel.....	R. E. Birdsall and J. P. Brown.
Townships of Belmont and Metheun.....	W. Burgess.
Township of Douro.....	John Moloney,
Township of Dummer.....	T. G. Choate.
Township of Ennismore.....	D. Costello.
Township of Monaghan.....	Henry Collins.
Township of Harvey.....	W. Blewitt.
Township of Otonabee.....	J. Millar and T. Blezard.
Township of Smith.....	M. Sanderson and P. J. Bell.
Townships of Galway and Cavendish.....	M. Mansfield.
Village of Lakefield.....	C. A. Boulton.
Townships of Burleigh, Anstruth and Chandos.....	James Golborne.
Village of Ashburnham.....	John Burnham.

OFFICERS OF THE COUNCIL.

WARDEN,—R. E. Birdsall, Esq., Westwood.
CLERK AND TREASURER,—Edg. Pearse, Peterborough.
INSPECTOR OF SCHOOLS,—J. C. Brown, Peterborough.
AUDITORS.—J. J. Hall, C. Burton, Peterborough.
SESSIONAL CLERK,—John Carnegie, Peterborough.
COUNTY ENGINEER,—James Bird Peterborough.
JAIL SURGEON,—R. Kincaid, Peterborough.
BOARD OF AUDIT.—Administration of Justice Accounts,—J. Carnegie and M. Sanderson, Peterborough.

THE DIVISION COURT CLERKS.

Peterborough.....	R. W. Errett.
Norwood.....	John A. Butterfield.
Keene.....	Thomas Campbell.
Lakefield.....	Samuel Sherin.

The liabilities of the County for 1875 may be seen by the following statement:—

Floating Debt.....	\$17,076 13
Debenture Debt.....	36,000 00
To meet the Debenture Debt there is an accrued Sinking Fund amounts to.....	\$21,286 03
And there is also due for the proportion of County Debt..	1,352 00
By the Provisional County of Haliburton and by the Town of Peterborough.....	706 00
Making together an asset of.....	\$23,344 03

The above statement does not include the liabilities of the County under any Railway Bonus By-laws heretofore passed, but for which Debentures have not as yet issued.

A new Common School Act came into force in 1844, and Elias Burnham, Esq., was appointed Superintendent of Schools for the Colborne District, an office it is said, he accepted rather from a desire to further the important interests of education than from the emoluments attached to the office. He was succeeded by T. Benson, Esq., who retired in 1852. After his retirement the County was divided into four sections for the purpose of superintendence of which the Townships of Smith, Douro and Otonabee formed one, Asphodel, Dummer and Belmont formed another, the other two consisting of the Townships of North Monaghan and Ennismore, respectively.

In 1853 requests were made for the appointment of separate Local Superintendents, and notwithstanding the formal disapproval of this system expressed by W. Cottingham, Esq., Warden, in his address to the Council, the system was adopted and continued down to the year 1866 when an effort towards the centralization of the office was made with partial success.

In the year 1871 an Act was passed, intituled an Act to Improve the Common and Grammar Schools of the Province of Ontario, by which it was declared that all Common Schools were thereafter to be free schools, and powers were given to the Trustees of School Sections and the Municipal Councils of Cities, Towns, Villages and Townships, for the proper carry out the provisions of the said Act. Inspectors were to be appointed for Counties, and for Cities, and Towns, and their various duties and powers were duly defined. Boards of Examiners for Teachers were to be appointed by each County Council, and the Board of Public School Trustees. The Council of Public Instruction were to prescribe a uniform examination and classification of Teachers, and provision was made for the teaching in the Public Schools, the Elements of Natural History. Agricultural Chemistry, Mechanics, and Agriculture.

In the year 1833, the project of connecting the waters of Lake Simcoe with those of Ontario by means of a canal passing through Rice Lake, and the Bay of Quinte was generally discussed, and received the attention of the Government. Surveys were made in 1833, and again in 1835, and though the report of the Engineer, N. H. Bird, was most favorable to the undertaking the project has never been carried out. The necessity, however, for such a work has never been lost sight of.

In the year 1846, a charter was obtained to construct a Railroad from Port Hope to Peterborough, and for a time considerable enthusiasm prevailed, but the project for a time fell through.

During the winter of 1852-53 the discussions held upon the questions respecting railroad construction had resulted adversely to the views of those who held that the Town of Peterborough ought to become stockholders in the Port Hope

and Peterborough Railway Company, yet the idea of a Railway had never been lost sight of. In 1857 the subject was resumed, and several public meetings were held, and after some time had been consumed in negotiations, the first train passed over the line on the 20th of May, 1858. It will be thus seen that Peterborough in respect of Railway facilities is not behind other Counties in the Province, though it must be admitted that much yet remains to be done.

The following table will show the assessed value of lands in the County for the year 1876.

<i>Name of Municipality.</i>	<i>Number of acres</i>	<i>Value of Real Property.</i>	<i>Total Personal Property.</i>
Monaghan.....	13,918	637,031	51,121
Otonabee.....	64,874	2,097,332	209,839
Smith.....	55,927	1,739,814	175,312
Asphodel.....	38,813	793,681	69,795
Douro.....	37,622	396,021	27,500
Ennismore.....	16,726	220,440	18,240
Belmont and Methuen.....	69,792	2,334,246	44,943
Dummer.....	62,122	532,121	52,595
Harvey.....	55,445	216,661	8,519
Burleigh.....	10,611	15,997	6,577
Galway.....	19,332	30,132	2,594
Lakefield.....	507	233,288	22,813
Ashburnham.....	961	328,280	13,550

The following table will show the population of the several Townships in the County for the year ending 1875.—

Asphodel.....	2,425
Belmont and Methuen.....	1,639
Dummer.....	1,728
Burleigh.....	207
Douro.....	1,834
Otonabee.....	3,465

Harvey.....	817
Monaghan.....	752
Ennismore.....	831
Galway and Cavendish.....	465
Lakefield.....	755
Ashburnham.....	1,227

In order to trace the gradual progress of the County we must for a time go back a year or two, in order to realize the exact condition of Peterborough, at the period of the visit of His Excellency, Sir Peregrine Maitland, which took place during the winter of 1826.

Many verbal addresses of a highly characteristic nature were presented to him and the wants of the emigrants freely canvassed. The infant settlements around Peterborough were greatly cheered and encouraged by this visit of the Governor-General, proving as it did the paternal care of the Government, and the interest felt in the success and well being of these hardy settlers. Not only was the moral effect beneficial, but its practical and material results were of a most gratifying character.

Before the opening of the next Session several most important works were undertaken, at the cost of the Government, and from this period the success of the new settlement was fully assured.

On the 2nd day of June, 1838, a meeting of the Magistrates of the new Colborne District was held at the "Government School House," for the purpose of naming a Building Committee, for the erection of a new Court House, and Jail, and other matters connected with the same, as provided in the Act passed at a previous Session of the Upper Canada Legislature. Committees were appointed, the sums to be expended fixed, the mode of raising the necessary amount settled, and various matters in connection with their respective duties from time to time determined upon, and finally on the 25th August, 1838 at 7:30 a.m., His Excellency Sir George Arthur, K.C.H., Lieut.-Governor of Upper Canada, laid the "first stone" of the Court House and Jail. Upon turning to the Minutes of Committee, August 25th, page 16, we find, that the following articles were placed by His Excellency beneath the stone, in the foundation of the South-west corner. A parchment scroll, on which was tastefully engrossed the following :—

On the 25th day of August, A.D. 1838,
His Excellency, Major-General Sir George Arthur, K. C. H.,
Lieutenant-Governor of Upper Canada,
Laid the first stone of these Buildings.

Various coins were deposited, and the names of the Building Committee were likewise enclosed.

Three years elapsed before the duties of the Building Committee were at an end. Alterations had to be considered, defects in agreements with contractors settled, and other matters of an equally arduous character had to be got rid of before they could resign their duties, when finally on the 27th day of December, 1841, the Building Committee were finally relieved of their task, and the Magistrates at a meeting held that day declared their accounts to be correct, and tendered them a vote of thanks for their indefatigable exertions in carrying out the object of their appointment. The corner stone of the present new Jail, was laid on the 9th June 1864, and in January 7th, 1866, the Build. Committee made their final report, the total cost was \$16,103.35.

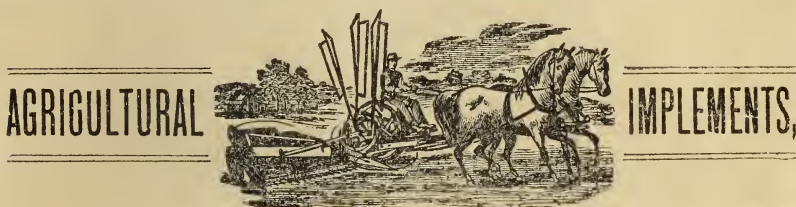

1876.

NEW AGRICULTURAL FOUNDRY.

Situated, West end of McDonnell Street, opposite the Carding Mill; built by

J. WHYTE & CO.,

EXPRESSLY FOR THE MANUFACTURE OF

—COMPRISING—

Reapers and Mowers,	Ploughs,	Straw Cutters
Wood-Sawing Machines,	Gang Ploughs	Cultivators,
Broad-Cast Seeders,	Land Rollers,	Harrows,
Horse Powers,	Grain Drills,	&c., &c., &c.

Special attention is invited to the

PLOUGH DEPARTMENT,

Which comprises Eight Varieties, chief of which is

“The Challenge and Improved Combination Plough”

Fitted with Iron and Wood Beams, and best hard tempered American Steel Boards and Steel Landsides. These Ploughs are admirably adapted for all kinds of soil.

Having decided to make Ploughs a Specialty, using nothing but first-class material and having a thorough knowledge of the business combined with fair and honest dealing we hope to merit and obtain a continuance of the public patronage that has been so liberally accorded to us for the past seventeen years.

J. WHYTE & CO'Y.

WARE ROOMS :—Opposite Doharty's Old Stand, Hunter Street, where all the above articles are kept constantly on hand.

In 1872 the present new Registry Office was built, but not occupied till 1874. It was intended to be completely fire-proof both within and without.

On the 1st of January, 1863, the County of Victoria was separated from that of Peterborough, and thenceforward launched upon a separate and independent municipal existence.

The Members for the County for the House of Commons are, John Bertram, Esq., West Riding, and James Hall, Esq., East Riding.

The Members for the Local House are, Dr. O'Sullivan, East Riding, and W. H. Scott, Esq., West Riding.

POST OFFICE AND MAIL DEPARTMENT.

Peterborough:—Post-master, H. C. Rogers.

The Mail leaves Peterborough daily for the undermentioned places: Millbrook, Port Hope, Toronto, Montreal, Kingston, Lakeside, Bobcaygeon, Bridgenorth, Keene, Graystock, Springville, Lindsay, Norwood, Cobourg, Ottawa, Midland Railway, Grand Trunk Railway West, Grand Trunk Railway East.

The Mail leaves on Mondays, Wednesdays and Fridays for the undermentioned places: Ennismore, South Dummer, Indian River.

The Mail leaves on Tuesdays, Thursdays and Saturdays for the undermentioned places: Villiers, Warsaw, South Douro, Westwood.

The Mail leaves once a week for the undermentioned places: Paudash, Chandos, Apsley, Burleigh, Haultain, Young's Point, Cheddar.

ATTRACTIONS FOR TOURISTS.

A TRIP TO FENELON FALLS.

A number of young Englishmen, attracted by the beauty of the "back lakes' " scenery, many years ago, fixed their abodes in the Townships along the banks of these Lakes. More intent upon the enjoyments of shooting and fishing, than the more laborious duties of the settler in the backwoods. A very few years sufficed to convince them that the attempt to introduce the system of gentleman farmer into the backwoods of Canada was a failure, and they gave up in despair the attempt to carry out their wishes, abandoning the ideal homes they had pictured to their imaginations as something not to be accomplished.

The scenery that attracted them then, is not the less beautiful now, and the various improvements made in the navigation renders the trip one of the pleasantest in Upper Canada. The railroad from Port Hope conveys the traveller to Peterborough, from whence he can obtain easy access to Chemong Lake, the first of the chain, a distance of only six miles, where he will find a comfortably fitted up steamer, in which to commence his tour of "the back lakes."

In about half an hour, the Indian Village—a few straggling houses on a point jutting out in the stream, dividing Chemong from Pigeon Lake,—is reached, and entering Pigeon Lake, the scenery at once begins to improve. From the somewhat circuitous nature of the Channel the tourist appears to be sailing directly upon the shore, when a sudden turn reveals to the unexpected eye, a Channel that before appears quite hidden. The Lake is beautifully studded with Islands, and there are opening Channels leading to other Lakes. The rocky appearance of the shores indicate the approach to Bobcaygeon. Layer upon layer of crystalline granite rise out of the water upon either side showing a bold, craggy and rather inhospitable point, this is the formation of the Island upon which the Village stands, and to its appearance may be attributed the generally injurious prejudice to the character of the Country, a prejudice which experience and observation have effectually dispelled.

The Lock at Bobcaygeon is a fine piece of workmanship; the stone being obtained on the spot. To the right of the Lock stands a saw mill, to the left the Village. Through the Lock we enter Sturgeon Lake, a beautiful sheet of water, freer from Islands than Pigeon Lake, and larger than either of the

former ones through which we have passed. Steaming up the Lake we stop at Blyth, where we take in wood and are then off for the Falls.

Through a narrow and somewhat circuitous stream, walled on either side by a dense green foliage, we approach Fenelon Falls. The gurgling and eddying of the water are the first indications of them, when a sudden turn in the Channel brings us immediately under, and in full view of the Falls on the left, and of the Village in front. They are a very miniature of Niagara, being of a horse-shoe form. Above is a bridge, and immediately under, a dam, which gives to it the appearance of a double fall. To the right of the Falls is a Grist Mill, a substantial stone building. Here is a very good wharf, and the approach to the Village is by a steep hill, leading up from it. To the left of the wharf, as we stand upon it, is a high hill, upon which is erected a handsome Episcopal Church. The hill commands a most majestic view, taking in Sturgeon and Cameron Lakes, the Falls, Scugog River, and an immense tract of surrounding country. There is a good hotel in the Village, it is a fine building and is well fitted up. It commands one of the best views of the Falls.

Re-embarked, we now take our way back to Sturgeon Lake and enter the Scugog River *en route* for Lindsay. The appearance of the River has been very much injured by the damming of it up, and the appearance of the leafless trees, through which we sail is anything but cheerful. Arrived at Lindsay the passengers are met by carriages from the various hotels, and having spent a night here, the tourist can the next morning, take the cars on to Port Hope, passing on his way through a very fine tract of country. The trip we have been describing is one that we can confidently recommend to the lover of beautiful scenery, or to those who, weary of the toil of business are anxious to make their way to fresh fields and pastures new.

A TRIP TO STONEY LAKE.

In August, 1873, a party made a very interesting excursion to these Lakes, and we propose placing before our readers, a condensed account of their proceedings.

Starting from Peterborough by the Midland Railway, they arrived at Lakefield where they spent a short time in looking at the "Lions" of the Village, and having *portaged* their canoes and traps on board the "Chippawa" steamer, receiving at the same time, much attention, and information from her Captain, Mr. Strickland, they passed through Lake Katchewanook, with its low wooded Islands and reed-beds, and Young's Locks, and soon entered Clear Lake, the dread of most *voyageurs* and hunters of the district, on account of its frequent storms. One would think from the description of this locality, that

old Æolus kept on hand a large supply of wind-bags which he was in the habit of letting loose upon the neighborhood. Notwithstanding its character, however, it is a lovely sheet of water, and the scenery at the entrance of Stoney Lake very beautiful. On its shores are Sandy Point, a favorite camping ground for parties going or returning to the "back lakes." Here is a famous spring, which, from the number of autographs inscribed on the trees around, would lead one to suppose that it was a favorite spot.

Avoiding the entrance to Stoney Lake, known as "Hell's Gate," they took the Eastern Channel, and then the grand scenery of Stoney Lake opened before them. Hundreds of rocky Islands studded the Lake, and occasionally one was seen that presented all the requisites of good camping ground. After winding through several intricate Channels, Julien's Landing was reached, where they found an excellent hotel, and the luggage being packed the travellers started for Squaws' Island, as being the most eligible ground for camping. There is some excellent fishing in these waters, and during their stay here the party appears to have enjoyed themselves immensely. The ladies (there were several in the party) entered heartily into the fun, and helped to make, by their presence, the trip all the more enjoyable, and it was in honor of one of them that the name "Kate's Island" was given to the rocks. During their stay here various excursions were made into the neighborhood, and all were charmed with the beauty of the surrounding scenery, especially Frenchman's Bay and Boshing Narrows. Striking their tents, they took their way to Eagle Mount, and had a bird's eye view of a large extent of beautiful country. Beneath them lay Stoney Lake, whilst in the distance Clear Lake could be distinctly seen. Descending from their elevation, and after about an hour's paddling they reached Sandy Point, where they rested for two days. During their stay here an incident occurred that afforded considerable mirth to the whole party. It was proposed by two of their number that they should try and hunt up some cows for the purpose of obtaining a supply of milk, and being guided by the sound of bells, they paddled ashore, when after about an hour's absence they returned, rather discomfited at being obliged to confess that they had been chasing oxen and not cows. The night being calm and moonlight, was spent right merrily by the entire company, assisted by some lumbermen camped in the neighborhood, songs and dances contributed to the amusements, and on the following Monday the entire party returned to Peterborough, highly delighted with what they have described as one of the most pleasant trips they ever made.

On a subsequent occasion a portion of the same party made a trip to Lakefield and from thence by steamer "Chippawa" to Gin Island, where they were encamped for several days, in the full enjoyment of fishing and in rambling

about amongst the beautiful spots in the neighbourhood. Daily visits were made to Burleigh, at which place is an excellent hotel, to the White Lake which lies to the east of Eagle Mount, secluded by woods, which only at one spot are broken by a clearing, it is about three miles long, by two wide, and the dense foliage growing to the water's edge, forms a beautiful border to its placid waters. During their stay here Prof. Hammerschmit, with the Philharmonic Band, was encamped in the neighbourhood, and added greatly to the enjoyment of the trip.

It has been said that, travelling with a man is a ready way of getting an insight into his character, and there can be little doubt that, if at the end of a three weeks' trip, such as we have described, a man passes satisfactorily through the ordeal, we learn not only to respect, but to value him as a real friend for the future, and in addition to the physical good we receive, a moral benefit is derived from such a journey, that often lasts through life.

VILLAGE OF ASHBURNHAM.

The earlier history of Ashburnham forms a part of that of Peterborough having up to the year 1858, been known as Peterborough East, or the "Scotch Village." In this year it was incorporated as a separate Municipality, under the name of the Village of Ashburnham, and very little can be added by way of addition to what has been already written. The Village is pleasantly situated on rising ground on the east side of the River Otonabee, over which there is an excellent iron bridge, erected in 1876 to supply the one destroyed during the Winter of 1875.

The population of this Village in 1875, was returned as, 1,227 and the total amount of real property assessed, \$328,280.

In the Village are a Saw Mill, the property of J. Z. Rogers, and a Grist Mill, the property of R. D. Rogers, and one or two Stores, the property of J. Z. Rogers, Lewis Glover, E. Calcutt, and W. Swanston. There are two Breweries in the Village, one conducted by A. H. Peck, and the other by H. Calcutt, who is the inventor of a combined liquor cooler and heater.

Near the foot of the Bridge are the Foundry Works of Messrs. Mowry & Forsyth, and the Planing Factory of W. J. Rombough. There is also a Tannery and other Works in the Village.

There is an English Church, and a Church for the Bible Christians. The commodious brick School-house was built in 1863, and a new one is now in course of erection, above which there will be a Town Hall. There are some very handsome private dwellings in the neighborhood. The Rev. Mark Burnham's fine building overlooking the Otonabee, was erected in 1854, and that of the Rev. J. W. R. Beck on the rising ground overlooking the Village, in 1860. There are also others belonging to J. Ludgate, Esq., W. Snyder, Esq., and H. T. Strickland, Esq.

Any notice of Ashburnham would be incomplete without reference to the enterprise of H. Calcutt, Esq., the spirited owner of the "Whistle-Wing," steam vessel, and the new vessel, the "Golden-Eye." The boats ply between Peterborough, Harwood, Keene and Hastings, and may at anytime be chartered for excursions on the Lake or towing. They run in connection with the Cobourg Railway. There is an excellent Cricket Ground in this Village where most of the matches are played during the season.

The Reeve is John Burnham, Esq. The Clerk, John Wood, Esq. The Treasurer, A. H. Peck, Esq.

The Post-Office is at Peterborough.

TOWNSHIP OF ASPHODEL.

The first survey of Asphodel was made in the year 1820, and the first few settlers found their way to this settlement by way of Rice Lake. In 1825 thirty-seven families were added to the number, but owing to the want of roads, and the distance from any market, very little progress was made. The first Mill was erected at Norwood, and though but an "apology," its utility was greatly felt. In 1826, a bridge was built across the River Trent, connecting this Township with Percy, but in the following Spring it was carried away. The present one was erected in 1858 at an expense to the county of £500 that being their share.

The present population of the Township is returned at 2,425, and the total of real property assessed, \$793,681.

In 1833, N. H. Bird, C. E., reported on the practicability of rendering the River Trent navigable from the Bay of Quinte to Rice Lake. As late as 1835, the only house in Hastings, was a small frame one, and up to this time the Township had made but little progress. The first store in Norwood was established in 1837, and the first tavern in 1842. The first School-house in the Township was erected in Norwood. In 1864 a very destructive fire occurred at Hastings, by which a fine store and stock of goods were destroyed. A newspaper was established in Hastings in 1864, but the attempt did not succeed.

Norwood is the seat of Municipal Legislation, the Division Courts having been held here from the first organization. There is a fine Grammar School, and Church accommodation is ample for all denominations.

The present Reeve is R. E. Birdsall, Esq. and J. P. Brown, Esq., Deputy. The Clerk, W. H. Stephenson, Norwood. The Treasurer, W. E. Roxburgh, Norwood, The Post-Offices for the Township are at Norwood, Post-Master, J. A. Butterfield; Hastings, Post-Master, H. M. Foulds, and at Westwood, Post-Master, C. Lancaster.

TOWNSHIPS OF BELMONT AND METHUEN.

The survey of the Township of Belmont was made in 1853, but settlers did not find their way in for several years later. The first to whom a patent for land was granted was Mr. R. Stewart, who was familiarly known as the "King of Belmont."

The roads leading into Belmont were for many years in a very bad state, but since the inauguration of the municipal system, they have been much

THE GIANT T GENERAL HOUSE FURNISHING ESTABLISHMENT

keeps always on hand the latest designs in

at the most reasonable terms and satisfaction guaranteed. 10,000 Pounds Wool
Wanted and highest price paid. "Promptness in all Things," is our motto.

D. ASKEY.

improved, without greatly burdening the residents of the Townships. The progress of Belmont has been highly satisfactory, the population being now 1,639, compared with 689 (including Methuen) in 1861, and the total value of real property assessed in the Townships is now \$2,334,246.

Agriculture appears to have succeeded well in Belmont, but the chief wealth of the Township—especially of the Northern portion—consists in its minerals. Iron ore is found in great abundance, and recently a deposit of pure white marble has been discovered.

Methuen was surveyed in 1823, but remained without settlers for nearly thirty years, and since then has gradually increased. The early experience of the first pioneers, appear to have been more or less similar to those in other Townships.

The present Reeve is W. Burgess, Esq. The Clerk, W. Anderson, Esq., Blairton. The Treasurer, James Peoples, Esq., Blairton. The Post-Offices are at Blairton, Post-Master, R. Bates; Havelock, Post-Master, T. E. Wilde; Round Lake, Post-Master, H. N. Cooper.

THE TOWNSHIPS OF BURLEIGH, ANSTRUTHER AND CHANDOS.

The Township of Burleigh was surveyed in 1834, but re-surveyed in 1865. The great barrier to a settlement, were the "Burleigh Rocks," but after a time this difficulty was overcome, by means of a road passing over them.

The first Post-Office was opened in 1864, and a second in 1866. Two schools were erected in 1866, and the first saw mill in 1863.

Burleigh was for several years attached to Dummer, for municipal purposes, but a separation took place in January, 1865.

Anstruther lies immediately in the rear of Burleigh, the Colonization road passing through its south-eastern corner before entering the Township of Chandos. The Township was surveyed in 1859. The Post-Office was opened in 1862, and a small Wesleyan Church during the same year, which was intended for the entire settlement.

The remarks made in reference to the early trials and difficulties experienced by the early settlers in Burleigh, apply equally to Anstruther, and also the adjoining settlement of Chandos.

The Township of Chandos appears to have made the most rapid progress of any of the settlements. First settled in 1862, fifty seven ratepayers appear on the roll of 1866.

This and the neighboring Townships are all united for municipal purposes, but it is expected that Chandos will be erected into a distinct municipality.

Both this and the neighboring Townships are rich in mineral deposits, such as iron and marble, and only require skill and enterprise to render them valuable, not only to the Townships but to the Province.

The population of these Townships in 1875 was returned at 207, and the amount of real property assessed, \$15,997.

The present Reeve is J. Golborne; Clerk, Dr. Clegg; Treasurer, Thomas Eastland.

The Post-Offices—Burleigh, Post-Master, J. McDonald; Haultain, Post-Master, G. Stone; Apsley, Post-Master, P. W. C. Shewin; Chandos, Post-Master, T. Kent.

TOWNSHIP OF DOURO.

The first settlers in this Township arrived in the Autumn of 1822, a year prior to the survey, and it appears from documentary evidence that they had to endure hardships and privations of no ordinary character, for even as far down as the Autumn of 1831 it took two days to get a load of provisions from Peterborough to Lakefield, a distance of only ten miles.

In 1832 the entire population of Douro was 571, at the census of 1875 it was 1834; and the amount of real property assessed, \$396,021.

Lakefield, a village in this township, will now appear as a separate municipality and will be described accordingly,

There is little more to be said in reference to this township, the early settlers having long since overcome the privations of a bush life.

The present Reeve is J. Moloney, Esq. The Township Clerk, W. O'Brien, Esq., South Douro. The Township Treasurer, John Leahy, Esq., South Douro. The Post Offices are at Lakefield, Post Master, W. H. Casement; South Douro Post-Master, T. Hanrahan.

TOWNSHIP OF DUMMER.

No attempt at a settlement of this Township appears to have been made till 1831, though the survey was made in 1823.

In the Summer of 1831, a large number of emigrants arrived at Quebec; one hundred and fifty being sent by the Marquis of Bath; one hundred were commuted pensioners, and one thousand seven hundred who had come out at their own expense. Of this number a large proportion was located at Dummer, thus forming the first settlement, and very soon others followed. About the year 1834-35, a saw and grist-mill were erected, on the spot where now stands the Village of Warsaw. The first school-house was erected in 1836, and the present Town Hall, about the year 1855. The Free Presbyterian Church was built about the year 1861. In the year 1835, the population was 693, in 1875 it was 1,728, and the amount of real property assessed, \$532,121.

Warsaw is about fourteen miles from Peterborough, and possesses grist and saw mills, besides several stores, taverns and blacksmith shops.

The present Reeve is T. G. Choate, Esq., ; Clerk, W. Darling, Hall's Glen; Treasurer, David Rose, Esq., Warsaw. The Post-Offices are at Hall's Glen, Post-Master, W. Darling; South Dummer, Post-Master, W. Speer; Stoney Lake, Post-Master, J. Robb; Warsaw, Post-Master, T. Choate.

TOWNSHIP OF ENNISMORE.

The survey of this Township was made in 1825, its first settlers being a portion of the immigrants of that year, to the number of two hundred and ninety-seven souls, and the result of their first year's labors appears to have been most creditable and satisfactory. The Chemong or Mud Lake in front was at first a very serious obstacle, and the hardships to be endured of a very trying character. The settlement was visited by Sir Peregrine Maitland in 1826. For the first ten years the population rather diminished than increased, probably owing to the fact that many of the younger men had to seek for employment elsewhere. Ennismore is but a small Township, a mere corner of Smith. The soil is naturally rich and the settlers have gradually overcome their difficulties.

The population of Ennismore in 1875, was 831, and the value of real property assessed, \$220,440.

The present Reeve is, D. Costello, Esq., ; Clerk, T. Telford, Esq., Ennismore ; Treasurer, F. Moloney, Esq., Ennismore. The Post-Office is at Ennismore, Post-Master, S. Young.

TOWNSHIPS OF GALWAY AND CAVENDISH.

The Township of Galway lies next to Harvey, in the rear, and has the Bobcaygeon road along its western boundary. It was surveyed in 1857, and contains about 69,920 acres. During 1859, settlers flocked into the Township in considerable numbers. The first store in Galway was opened in 1860, and a Post-Office in the same year. During the first five years bears were frequently to be met with, and the howling of wolves was not unusual. The opening of the Bobcaygeon road has had a most beneficial effect upon the settlement.

The population of Galway and Cavendish for the year 1875 was 465, and the value of real property assessed, \$36,332.

The present Reeve is M. Mansfield ; Clerk and Treasurer, M. Hartnett.

TOWNSHIP OF HARVEY.

About the year 1832, a number of gentlemen soon after their emigration to Canada, located themselves in the Township of Harvey, and commenced a settlement, chiefly in the south-western corner, near the shore of Pigeon Lake. It appears that the experiment they tried to carry out, failed, owing to the total unfitness of the men for the life they had chosen, and in a few years not one of them remained.

Since this attempt at a settlement in Harvey, no large influx of population has taken place, and the great bulk of the Township still remains, either in the hands of the Crown, or is owned by non-residents, who are chiefly lumber merchants, though the land is now nearly denuded of its valuable timber.

A fine mill site on the Missisauqua River was some few years ago turned to excellent account, and a fine saw mill was erected on the spot.

A new survey of the Township was made in 1864.

The population in 1875 was, 817, and the value of real property assessed, \$216,661.

The present Reeve is W. Blewitt; Treasurer, William Weir; Clerk, James S. Cairnduff.

The Post-Office at Lakehurst, John Tarlington, Post-Master.

VILLAGE OF LAKEFIELD.

In the year 1858 Lakefield was described as a beautiful little "Village on the banks of the Katchewanoe Lake," the residence of a number of young Englishmen who have come to the country with the view of learning farming or "roughing it in the bush."

The site of the present Village of Lakefield was an early object to men of capital, and enterprise, on account of its fine water power, and for other considerations. The first bridge erected was speedily destroyed, and the present excellent structure was erected in 1854, by direction of the County Council. Certain facts connected with its progress being taken into consideration, Lakefield has made most astonishing progress, and as a pretty and progressive Village is not to be surpassed.

A branch of the Division Court was opened at Lakefield in 1863, and the Village has evidently an important future before it. It will ultimately become an important place, and will soon greatly extend its operations in trade and manufacture, that hitherto for want of an adequate outlet, have been to a great extent restrained.

THE BLAKELY HOUSE,
LAKEFIELD.

R. PURSER, - - - MANAGER.

Sample Rooms and Accommodation for the Public.

ROBERT GRAHAM.

TOWNSHIP OF MONAGHAN.

The Township of Monaghan was surveyed in 1818, and the earlier settlers found their way into the northern portion about 1819. They had to endure, like all the early immigrants, much privation, toil and suffering.

The Township is traversed by an excellent gravel road built in 1850, and though it may not have yielded a large return to the stockholders has yet been considerable benefit to the section of the country traversed,

From its proximity to the Town the Township has at all seasons an excellent market. The Village of Springville, which of late years has grown into existence, is situated on the Town line between this Township and Cavan. The population in 1875 was 752, and the value of real property assessed, \$637,031.

The present Reeve is, Henry Collins, Esq. Clerk, W. Wood, Peterborough. Treasurer, T. Bradburn, Esq., Peterborough.

The Post-Offices are Springville, Post-Master, A. Goodfellow; Bailisboro Post-Master, J. D. Perrin; Bensfort, Post-Master, A. D. Galloway; South Monaghan, Post-Master, Robert Waddell.

Thomas Fitzgibbons

TOWNSHIP OF OTONABEE.

The Township of Otonabee was surveyed in 1819, and during the year 1820 a large number of settlers came in. For many years before any survey was made, or settlement was effected, a trading-post for furs and the exchange of commodities with the Indians, was kept here by an intelligent Indian. The location of the rude house that served for the lonely trader, was a point of land just below the site of the present Indian Village, Hiawatha. The only mode of ingress to the Township of Otonabee in these early days, was by crossing Rice Lake in small boats or skiffs, and numerous were the accidents and loss of life which took place.

In the year 1825, fifty-one families were added to the residents in Otonabee, from amongst the immigrants under P. Robinson, and from peculiar circumstances the settlers in Otonabee have probably done better than those located in other townships.

In this year (1825) a grist mill was erected at Keene, and in the winter of 1829, the first store was opened in the same place. One of the earliest improvements of a public kind, in the Township was a road from Bannister's Point on Rice Lake to Peterborough, long known as Rubidge's Road.

The first school-house stood on the east half of lot 20, concession 4, it had been originally built in 1829 for another purpose, but never used.

The Village of Keene stands on lots 13 and 14 in 6th and 7th concessions, and possesses many good stores, it is the seat of the Township meetings, and is distant about 13 miles from Peterborough.

The population of the Township in 1875 was, 3,465, and the value of real property assessed, \$2,097,332.

The present Reeve is J. Millar, Esq., and T. Blezard, Esq., Deputy. Clerk and Treasurer, G. Read, Esq., Keene. The Post-Offices are, Graystock, Post-Master, M. Graystock; Hiawatha, Post-Master, H. Kent, Indian River, Post-Master, J. Fox; Keene, Post-master, J. W. Hall; Lang, Post-Master, R. Short, Sr.,; Villiers, Post-Master, W. Brotherston.

TOWNSHIP OF SMITH.

The survey of Smith was completed in 1818, when a number of colonists who had found their way from Cumberland in England, settled in this Township. The want of roads compelled them to make their way by the Rice Lake and Otonabee River, and upon their arriving at Smith a temporary log house was erected, on the first lot west of the concession road, just outside the present limits of the Town of Peterborough. These were in a few years joined by fresh emigrants. A small grist mill was erected by Mr. J. Bromwell, prior to the one erected by the Government in 1827. The present excellent roads were only brought to their present perfection after long years of successive improvements, and the outlay of large sums of money.

The total population of Smith in 1875 was, 2714 and the value of real property assessed, \$1,370,814.

This Township has the merit of being, not only the earliest settled, but also one of the most thriving and prosperous in the County, and the facts recorded of Smith are stern realities, that might with equal truthfulness be recorded of nearly every Township in the County.

A cheese factory was established in 1866, and as the importance of this branch of trade and its adaptation to the Canadian soil and climate become better understood operations like this are expected to become more extended.

The Village of Bridgenorth is situated on the shores of Chemong Lake, about six miles from Peterborough. It contains several steam mills, stores, and Hotels. There are steam boats running from this place to Lindsay and Bobcaygeon. It is a favorite fishing resort, and is also much frequented by picnic parties.

The present Reeve is, M. Sanderson, and F. J. Bell, Deputy Reeve. Clerk, and Treasurer, C. Burton, Peterborough,

The Post-Offices are, Bridgenorth, M. S. Deane, Post-Master ; Hall's Bridge, J. Stewart, Post-Master ; Selwyn, R. Northey, Post-Master ; Young's Point P. Young, Post-Master.

Peter Connal & Co.,

FAMILY GROCERS.

TEAS A SPECIALTY.

GEORGE STREET, PETERBOROUGH.

WILLIAM YELLAND,
Carriage and Waggon Maker
GEORGE STREET, PETERBOROUGH.

The undersigned begs to announce that he makes to order and keeps constantly on hand a large stock of

Buggies, Carriages, Waggon, Sleighs,
 CUTTERS, &c., which he is prepared to sell at reasonable prices and on most favourable terms.

AN INSPECTION OF OUR STOCK REQUESTED
 Before ordering elsewhere.

Blacksmithing and Horse-shoeing in all its Branches.

Having purchased the exclusive right to manufacture and sell the BEST STONING AND STUMP MACHINE EVER INVENTED, farmers and others would find it to their advantage to purchase from him. With this machine one man is enabled to lift with ease a weight of five tons. SATISFACTION GUARANTEED.

WM. YELLAND.

ADVERTISEMENTS.

CONFEDERATION

LIFE ASSOCIATION.

HEAD OFFICE, TEMPLE CHAMBERS, TORONTO.

Combines MUTUAL and STOCK PLANS OF INSURANCE, affording the advantages of each and avoiding the disadvantages attending to each separate. It gives 90 per cent of the profits of the Mutual branch to the participating policy-holders. Policy-holders are represented on the Board. Its SURRENDER VALUES will be found to attain earlier and be larger than in other companies. Its RATES will be found as low as safety will admit.

WM. CAMERON,

Agent for the Town of Peterborough.

JAMES SAULTER,
